

Tribal Pesticide Program Council
Full Council Meeting, March 5-6, 2025

Evaluation Summary

Was the agenda for this meeting adequate and did it meet your expectations?

- It was a good agenda.
- Yes, expectations met.
- More time is always warranted for talking with the leadership or amongst each other, especially when significant changes are happening to the agency.
- Yes Great Agenda
- Yes
- Yes, covered information that all tribes can benefit from.
- Yes. Very informative and knowledgeable presenters and participants.

What could the TPPC meeting planners have done to make this meeting more useful to you?

- The meeting was well organized.
- Nothing more was needed.
- It seems like the attendance varies and the interest in some topics is minimal, maybe going to an annual meeting with three quarterly on-line one day or half-day meetings. Also could consider on-line one topic trainings/meetings a couple of times a year so that more people can participate and without traveling. Moving it once a year, and at a minimum decide on topics much earlier so that presenters or those submitting ideas have more than 2 weeks to plan especially for travel. This is a BIG planning recommendation.
- Surveys
- It was great!
- Nothing, they are doing the best that they can.
- The planners organized the meeting very well. The main way these meeting can be more effective is by continuing to have them.

For future meetings, please suggest topics / speakers who you feel could help improve the agenda.

- Ask TPPC Members to present on their programs.
- The EPAs voice on pesticide issues would have been nice and expected.
- NAFWS
- I am pleased with the topics that are chosen.
- David Huber or the Rollins Center or Faith Golden, for structural IPM.

How will this meeting strengthen your capability to better implement your program?

- by applying what i learned during the meeting.

- The meeting was a great knowledge building opportunity that will be used at our future pesticide educational outreach events.
- Need more time on specific topics, the sessions are often too quick, but would like to get enough time to walk through examples not just hear about highlights
- Better knowledge and expertise on a variety of topics. Particularly QAPPS.
- Always important to hear about other program's concerns or progress. It helps to be more prepared for upcoming challenges.
- Gaining knowledge of what other tribes have challenges with and how other tribes can help each other.
- For a newer inspector as myself, learning histories and current practices as well as emerging issues helps strengthen my knowledge and understanding and helps develop my leadership skills as a FIFRA inspector and soon to be inspector-trainer.

Please comment on the customer service provided by ITEP.

- 100/100 great customer service.
- Great customer service from ITEP staff, they always surpass my expectations. Thank you very much for all that you do for the Tribes.
- Excellent
- Great!
- ITEP provides great services and do a wonderful job on serving TPPC.
- The customer service is great, quick responses and a very knowledgeable staff.
