- Yes, the agenda was great and provided a wealth of beneficial sessions and information.
- Yes (7).
- I feel that the agenda was very adequate for this meeting. It covered a lot of bases for me and the issues/ concerns that my tribe is dealing with. Surveys ahead of time is a great way to form the agenda around needs.

- Yes, I thoroughly enjoyed Steve Terry and Kaci Buhl's presentations. They were both very informative.
- The meeting was much more productive this time without the disruptions presented at the last two meetings by certain attendees.
- Regarding the Executive Committee meeting - I was encouraged by the progress that was made in the short amount of time largely due to Amanda's guiding the group through strategic planning of the priorities. Likewise, I encouraged Lance to continue providing his input as well as that of his staff, as it is critical in understanding what the TPPC is able to achieve as partners with the EPA.

WHAT COULD THE TPPC MEETING PLANNERS HAVE DONE TO MAKE THIS MEETING MORE USEFUL TO YOU?

- Being new to the TPPC and the pesticide field this meeting was extremely useful to me. As I gain more experience, I am sure I will be able to provide suggestions for future meetings.
- This meeting was very good.

- Well planned.
- Nothing.
- It went smoothly.
- Tribal artifacts painting, basket - Regalia etc. Update on pesticides and herbicides. What's being tested on artifacts in museums?
- Need to add one more day of meeting time to agenda.
- I felt that it was a very productive /informative meeting.

FOR FUTURE MEETINGS, PLEASE SUGGEST TOPICS / SPEAKERS WHO YOU FEEL COULD HELP IMPROVE THE AGENDA.

- I would like a regional enforcement EPA employee to attend future meetings to provide more specific answers to questions inspectors have relating to the FIFRA Inspections.
- Amanda did a great job.
- Like I said above, I feel like the topics covered a lot of areas. I know they covered everything I had concerns about.

HOW WILL THIS MEETING STRENGTHEN YOUR CAPABILITY TO BETTER IMPLEMENT YOUR PROGRAM?

- It has increased my capability by informing and educating me on large scale issues and topics
- Access to EPA's help
- It is great to know that I have the TPPC backing me while I build my program, and that everyone on the council is there to help me if needed. It's a great resource that I look forward to tapping into.
- Better partnerships to operate program.
- Provide topics to discuss with tribe members of ITEC (Inter Tribal Environmental council)
- Communication and outreach – understanding.
- Will help R7 get the program off the ground
- Status of pesticides in NDN Country Report – breakout sessions + hearing + sharing ideas. How often tribes solve outreach helped immensely
